

THE COTTER MEDICAL HISTORY MUSEUM

Doctors' Files at the Cotter Medical History Museum (March 2023)

Although every care has been taken to ensure accuracy, there may be errors and readers are encouraged to let us know if they should find any. If you are looking for a particular doctor, you can also check for details in Rex Wright-St Clair's book 'Historia Nunc Vivat', which is accessible through our Publications page. If he has listed an obituary as being in the New Zealand Medical Journal, the Cotter Museum holds a mostly complete collection of these, except between about 1900 and 1930.
